

Rules

Goal:

At the end of the round, the player with the most important value in his hand win the round.

Installation

Shuffle the cards to have a deck. If you are 2 players, take 2 cards on the top of the deck and put them, face up, in the center of the table. If you are more than 2 players, take only one card. These cards will not be play this round. Every player takes one card on the top of the deck and place it into his hand. The deck is placed, face down, in the center of the table.

How to play a round

The first player take a card from the deck to his hand. He takes one card from his hand and place it, face up, in front of him. The action is applied (see actions list). Each cards played stay in front of the player in the order they were played. When action is applied, next player plays in the same way. If a player is removed during the round, the card into his hand is discarded, action is not apply and the player does not take another card from the deck.

End of round

There are 2 ways to finish a round: When there is only left one player with a card into his hand or when a player take the last card from the deck.

When a player take the last card from the deck, he play his turn and the round is finished. At the end of the round, the winner of the round score the points on the card into his hand. This card is not discarded and not played. No actions are applied.

End of the game:

The winner is the first player to score : (2 players = 15 points ; 3 players = 11 points ; 4 player = 8 points)
